

Real PTSD (from one who knows)

Description

PTSD now everyone's singin' Just a label for the pain that we feel
We can beat this thing
So many have shown it
There's just a bit of learnin' to do!
Bridge – There's wisdom to share,
People to read, ideas to know
Answers out there – for you and me!
Oh, Life is worthwhile
Don't leave it yet
Happiness – is waiting for you
You can make it too
Come on now – you know it
There's still a lot of livin'
Painfree – honest livin'
Take my word – you've got good livin' to do!
