

Real PTSD (from one who knows)

Description

PTSD now everyone's singin' Just a label for the pain that we feel
We can beat this thing
So many have shown it
There's just a bit of learnin' to do!
Bridge There's wisdom to share,
People to read, ideas to know
Answers out there for you and me!
Oh, Life is worthwhile
Don't leave it yet
Happiness is waiting for you
You can make it too
Come on now you know it
There's still a lot of livin'
Painfree honest livin'
Take my word you've got good livin' to do!
