## **Refugee's Song**

We who have home and friends  
life so full and free  
pause to look  
at the plight  
of the refugees  
Where there's food  
shelter too  
this must be their home  
life goes on  
day by day  
when will peacetime come?  
things they once  
held most dear  
vanished now it seems  
loved ones gone  
life is hard  
yet they still have dreams  
Thanks to help from friends  
Hope that never ends
