

Roll Out the Barrels

Description

Roll back the barrels Living with Chevron's no fun
More air pollution
RICHMOND MUST NOT BE THE ONE
Ecuador, Burma,
Chevron's abuses are WRONG
No expansion, no pollution
We won't go along!

Breathing more sulfur
Watching our children get sick
Asthma and cancer
Corrupting the feds is their trick
We need protection
CLEAN AIR IS OUR HUMAN RIGHT
Tell them the buck stops in Richmond
We will stand and fight!

Note: Richmond, in the San Francisco east bay area, is the home of Chevron USA. The city of Richmond is heavily polluted by the oil refinery there. We sing at anti-Chevron rallies every year or so, though Richmond is quite a distance from our SF peninsula base.
