

Safety for Women

Description

https://youtu.be/PF47g_j5hA8
Every woman should be safe,
safe from torture and from rape,
safe from every form of cruelty by males
Every mother, sister, wife
has a right to a peaceful life
Men who don't respect that right should be in jail!
Sing for the safety of the women
all the women of the world!
Brown or yellow, black or white
must be safe by day and night
Let's eliminate the violence in the world!
