

## Save Us from Oil Trains

### Description

This land is your land  
This land is my land  
We don't want oil trains  
Where we work AND play  
If we don't speak out  
Against those oi-yul trains  
Big Oil is gonna have its way

This land is our land  
They can't co-opt it  
For greedy fat cats  
To make a profit  
This land is our land  
They can't destro-oy it  
We CAN NOT let them have their way

As we were riding  
The train this morning  
Looked out the window  
and it was gorgeous  
But with crude oi-yul  
It could be po-i-soned  
Let's make sure we don't see that day
