

Lyrics by: Rose DeShaw

Gaggle: Kingston

Tune: Hanging On The Old Barbed Wire

Date written or updated:

Seed Need

Who'd want to be a farmer

With terminator seed?

Single season seed?

Plain old rental seed?

Removing merit testing

That's more corporate greed

We're asking you to

SAVE OUR SEED

The Seed's Act, we need it

Custom and tradition

Both are needed

If we're going to save our seed!
