

SONG FOR A JUST TRANSITION

Description

Our air miles make carbon dioxide,
The oil makes tons of debris,
Our planet gets sicker and sicker,
Oh bring back my planet to me

CHORUS

It's time, Past time
For a just transition to green energy
It's time, Past time
For transition to green energy

They're using fresh water for fracking
And to flush down our poo and our pee,
While mines use our lakes as their dump sites!
Oh bring back my planet to me.

CHORUS

C'est l'heure, pas trop tard
Pour la transition juste aux Énergies vertes
C'est l'heure, pas trop tard
Pour la transition Énergie verte

Corporations can't patent the sunshine,
But their wealth has to grow constantly
So they plunder the planet for profits,
Oh bring back my planet to me.

CHORUS

It's time, Past time
For a just transition to green energy
It's time, Past time
For transition to green energy

We've got to do better than tar sands,
And pipelines that go to the sea.
We're powering up a great movement
To bring back my planet to me.

CHORUS

Câ??est lâ??heure, pas trop tard
Pour la transition juste aux Ã©nergies vertes
Câ??est lâ??heure, pas trop tard
Pour la transition Ã©nergie verte

Itâ??s time that we rise up in anger
And reject the whole system of greed
We must find new jobs for our workers
And get them the training they need!

CHORUS

Itâ??s time, Past time
For a Just Transition to green energy
Itâ??s time, Past time
For transition to green energy

Together weâ??ll work towards creating
New jobs with more green energy
Itâ??s time that we work for some changes
Save our planet for you and for me

CHORUS

Câ??est lâ??heure, pas trop tard
Pour la transition juste aux Ã©nergies vertes
Câ??est lâ??heure, pas trop tard
Pour la transition Ã©nergie verte
