

Stand With Ukraine

Description

Stand with Ukraine
Putin's war crimes are no good
We are ashamed
At the treatment of Zelenskyy

So go back
Where it began
With Putin's dreams of grandeur
Waged a war at NATO's front door

History shows
Don't appease a big bully
They will just want more and more

Drones
MacGyver'd drones
In the sky
Buzzing by, saving lives

Stand with Ukraine
Putin's war crimes are no good
We are ashamed
At the treatment of Zelenskyy

But now the
War slogs along
U.S. support is fickle
Based on whims of the White House pickle

And when we hear
The latest Kremlin peace ploy
We know what's really going on

Greed
Unchecked greed
Minerals and oil
Ports and land, it never ends

Stand with Ukraine
Putin's war crimes are no good
We are ashamed

At the treatment of Zelenskyy

So now we

Stand with Ukraine

Putin's war crimes are (shout) no good!

(Shout) Stand with Ukraine!
