

Lyrics by: Eleanor Chithalen

Gaggle: Unknown

Tune: I Have a Dream

Date written or updated:

Still Believe In Life

Sometimes the world seems just too cold
A promise dies. We feel so old
But still believe in love and
Still believe in life.
Even when surrounded by tragedy and strife
The whole world keeps turning
Someone needs our strength and empathy
Your heart still knows - how life should be.
Your heart still knows - how life should be.
