

Stop the Frack, Jack!

Description

CHORUS: Stop the frack, Jack, and
dontcha pollute no more, no more, no more
Stop the frack, Jack, and dontcha pollute no more!

We want clean water coming out of our wells
But you poison our water so bad it can kill
Youâ??re turning this sacred place into a hell
so you better start packing and haul out your drills

[CHORUS]

You're spewing out methane into the air
And speeding up climate change everywhere
You're spewing benzine and silica dust,
Putting our infants and children at risk!

[CHORUS]

Mother Nature is angry; she's got the shakes,
That's why we're having so many earthquakes
Time to stop the assault; so much is at stake
Gotta save our planet for our grandchildrenâ??s sake!

Stop the frack, Jack, and
dontcha pollute no more, no more, no more
Stop the frack, Jack, and dontcha pollute no more!
Dontcha pollute no more
Dontcha pollute no more
