Sweet Michelle Jean

Since Steve began He's had a goodbye callin'

We can all see

He's goin' wrong

Bad in the spring

Soldiers were dyin'

Who'd have believed you'd

Let him last so long?

Sweet Michelle Jean

We know that you could

Shut down this fool

We believed you always would

But now we

Look at this blight

They call the Tories

They fill us up

With crap, they do

And though we hurt

Hurtin' runs off our soldiers

We need to know

We call on you

No, saying NO!

Reachin' out

Whackin' STEVE

Whackin' THEM!

Sweet Michelle Jean

Good times still could come along

We've been inclined

That's why this song
