

## Tax Cuts for Wealthy

### Description

#### TAX CUTS FOR WEALTHY (to the tune of Guantanamera)

*I don't want my name on this if edits in any way espouse violence. Boldface denotes musically emphasized syllable.*

**CHORUS:** Tax cuts for wealthy! And padded contracts for family!

Billionaires profit

While others empty their pockets

To pay gas **prices** you made steep

By bombing **innocent** people

You've wasted **billions** on a **dumb** war

And wrecked **historical** buildings

**CHORUS:** Insider trading! Your aides are insider trading!

While **most** of us suffer,

You're getting **richer** than ever

Your wealth has **doubled** or **tripled**

From quid pro **quos** and your **cryptos**

Tax cuts made **billionaires** bundles

By robbing **programs** we **all** loved

**CHORUS:** Looting the **treasury!** Your lawsuit's looting the **treasury!**

Collusive litigation

The fraudster's favorite creation!

You sued the wrong party

A contractor **leaked** the information

Now you want **billions** for violent **minions**

Who donâ??t deserve compensation!

**CHORUS:** All for your ego! You did it all for your ego!

You **tore** up the White House

To use the rubble-for-a **golf** course!

Youâ??ve **emptied** our **treasury**

For senseless **war** and **destruction**

Your **spending** on **nonsense**

Has robbed the poor for corruption

**CHORUS:** Please go away now! Retire to Mara Lago!

Or **some** lonely island

Where you can build with your own funds

The sea shells **will** not **attack** you

The little **girls** will be **safe** from you

Your wife might **visit** you sometimes

Dementia shields you from your crimes!

**CHORUS:** 8647! **We say** 8647!

So we are **clear** now,

Thatâ??s **not** a **death** threat to Donald!

It simply means you should vacate

The honored house you eradicate

Your **brain** has turned into **mush**, Don

Itâ??s time to see it and move on

**CHORUS:** We are old ladies! But unlike you we arenâ??t crazy

We **see** what youâ??re **doing**

Through wisdom **we**â??ve been accruing

**FINAL CHORUSES:**

1. Tax cuts for wealthy! And padded contracts for family!

Youâ??ve made enough now.

You know you canâ??t take it with you!

2. Please go away now! Retire to Mara Lago!

Youâ??ve made enough now.

**[SLOW LAST LINE):** You â?!knowâ?!you ..canâ??tâ?! take.. .it.. with,, you!
