

Tesla Wise UP

Description

Tesla built electric cars, in San Carlos Theyâ??re a start-up on the move in San Carlos

Now theyâ??re selling these cars on El Camino
Fancy autos for the stars, El Camino

Canâ??t believe theyâ??d build green cars, down in Downey
Where the toxic wastes were found, down in Downey

Why not build the cars nearby, right in Fremont
Thereâ??s a lovely site nearby, right in Fremont

Electric cars will pave the way
People Rise UP!
Built in safe enviroments
Tesla Wi-ise UP!
