

Thank You Deportee (The Reverse Deportee Song)

Description

The crops are all in and the food is so healthy
The vegetables piled high in orange and green
We eat in abundance as tho we were wealthy
Because of the farmworkers here on the scene

chorus

Thank you to Juan, Thank you Rosalita,

Thank you amigos JesÃºs and Anita

Weâ??re happy you live, bienvenidos

And all we can say is gracias a ti

But now in the shadows some armed men are lurking

Waiting to grab folks and take them away

But we are all watching and care for each other

Those men are not getting our neighbors today
