

That's What It's All About

Description

We put our right hand in as we work for wars to cease, We raise our right arm high as we join the march for peace.

We raise our voices loudly as we Grannies gather 'round,
That's what it's all about!

We put our left hand in for the children everywhere,
We raise our left arm high, we've got lots of love to share.
We raise our voices proudly as we Grannies gather 'round,
That's what it's all about!

We put our right leg in as we join both young and old,
We kick our right leg high as our raging's growing bold.
Each day our voice gets louder as we Grannies gather 'round,
That's what it's all about!

We put our left leg in, now let's kick the bullies out!
We put our left foot down, 'cause we Grannies have such clout!
We'll change the world together as we Grannies gather 'round,
That's what it's all about!

We put our whole self in 'cause our whole self's what it takes,
We put our whole self in 'cause we all know the stakes.
We will sing together until peace and justice win,
That's what it's all about!
