

The Biggest Blowhard Around

Description

Without any rhyme or reason at all
wind farms are beinâ?? shut down.
I-ronicâ??ly all of the blame rightly falls
on the biggest Blowhard a-round!

Yes, you heard that right.
Itâ??s yet another fright
in this horror story of the Trump regime!

Power for up to seven million households
was planned to serve the northeast.
But Trump used our tax money to buy the souls
of developers to give up their lease.

Yes, you heard that right.
Itâ??s yet another fright
in this horror story of the Trump regime!

New York is especially power constrained.
It was counting on the wind farms.
Wonder how â??Herr Donaldâ?? will try to dodge the blame
when so many people there are harmed!

Yes, you heard that right.

It's yet another fright

WE MUST END THIS FASCIST REGIME!.. NOW!
