

## The Enemy Within

### Description

Weâ??re old enough. Weâ??ve heard this song before  
Itâ??s from the 1930s score.  
They talked of enemies from within.

Itâ??s a familiar theme,  
More than just a frightening dream.  
Its drumbeat ushered the holocaust in.

We know these words, because weâ??ve heard them all before.  
The people answered never more.  
We canâ??t erase that memory.

The foe we must defeat  
Threatens lives with every tweet.  
He is our enemy within.
