

The President is a Clown

Description

The reflecting pool is full of scum
doodah doodah
The algae spread has just begun
oh the doodah day

The ballroom is a heap of rubble
doodah doodah
Trump's head is a demented bubble
oh the doodah day

Paint chips floating up
Popularity going down
Looks like that is happening
When the president is a clown

DC's filled with thieves and fools
doodah doodah
See what happens when chaos rules
oh the doodah day

The president has lost his mind
doodah doodah
And lets his friends just rob us blind
oh the doodah day

Midterms coming up
Popularities going down
We can-not stand idly by
When the president is a clown.

What do we do to fix this mess
doodah doodah
That causes us such deep distress
oh the doo dah day

We vote to tie his hands this fall
doodah doodah
And watch him fall from his high wall
oh the doodah day

We can vote and win,
Look to jail to take him down

We can-not stand idly by
When the president is a clown
