Tune: My Bonnie Lies Over the Ocean

Their Money Lies In Other Countries

Their Money Lies in Other Countries
In tax shelters parked carefully
It's our money that they have wasted
In Jail is the place they should be!

Chorus:

Bail out, Bail out
No stinking bail out for Wall Street bums
Bail out, Bail out
No stinking bail out for them!

They blather about the "free" market
They say that we must privatize
They're happy to rake in the profits
Their ethics should be scrutinized!

Chorus
