

There's No Business Like WarNuke Business

Description

There's no business like war business
The worst business we know.
Never mind the homeless and the hungry,
Never mind the people without jobs,
Nowhere can you get that special feeling
Than when you're, piling up the bombs!

There's no business like war business,
The best business they know!
Multinational profits going through the sky:
They multiply, while children die.
The same amount buys food and clothes for everyone,
All over the world.

There's no business like nuke business
The worst business we know.
Never mind the asthma and leukemia,
Never mind the water and the air,
Nowhere can you get that special feeling
Than when you're losing all your hair!

There's no business like nuke business,
The worst business we know!
Cancer rates keep going right up through the sky:
They multiply, while children die.
Let us have a chance to live a healthy life!
All over the world, all over the world!
