

## Things That Go Trump In the Night

### Description

Ghosts from the past, when just white men had voices  
Lies, broken promises and vulgar choices,  
Walls that impede frightened refugees' flight  
These are some things that go Trump in the night

Robbing from health care and from education  
Neglecting the sick and the poor of our nation  
Firing reporters who get the news right  
These are some things that go TRUMP in the night!

Taking pay from other countries  
Threat of nuclear strike!  
a war against science and our Mother Earth:  
The things that go TRUMP at night

Fostering bigotry throughout our nation,  
bragging 'bout pow'r trips and sexual predation  
Praise for the nazis while good folks are bashed.  
All of our deepest held values are trashed!

Know-nothing pettiness is the new normal  
sleaziness, crassness is now the new formal  
Tantrums and hissy fits and picking fights –  
these are some things that go TRUMP in the night!

Taking pay from other countries  
Threat of nuclear strike  
a war against science and our Mother Earth:  
The things that go TRUMP at night!
