

This Body's MINE!

Description

Tune: Polly Wolly Doodle

Oh I have to march when the law steps in

to try to tell my body what to do

The choice is MINE! I can live with it

I'll be living with the consequences too

CHORUS

Abortion rights,

Roe versus Wade

Is all about allowing me to choose

This body's MINE, not my government's

No one ELSE is out here walking in my shoes!

V2) Oh we fought and won on the right to choose

And now we have to fight those fights once more

Making war on women's bodies now, reminds us of
their other stupid war!

Chorus
