

Tories & Women

Description

Oh Mrs. Harper
Thought you were sharper
You looked so great on
Your motor bi-iii-ike
Oh Laureen Tesky
This is a mess-ke
Once your own woman
Now 'just a wife.'

CHORUS

Ohhhh, we think, we think, we think
These politics stink, they stink, they stink
We're going backward
When it comes to Wimmen (Www-III-mennnn)
The Tories use marriage
Same sex they disparage
And not that long since
We got the vote

V2) With Tories in power
A lot has gone sour
It's not just Choice Rights
But human rights as well
Arrests without charges
We sure can disparage this
A woman must stand up
All over again
