## **Vote this Fall**

Are you thinking of not voting

Think again, PLEASE think again (knock on head with knuckles)

### **Chorus:**

#### **Group A**

Listen up

Go to vote

**All** Vote this fall,

#### **Group B**

then make a choice

and use your voice

vote this fall.

You might feel that voting is a lot of crap

But look at where we're at

### **Chorus**

Voting is a right you can use

To express your own views (point to audience)

### **Chorus**
