We Wanna Save the Polar Bears

***We wanna save, we wanna save We wanna save the polar bears
We wanna save, we wanna save
We wanna save the polar bears!***

We've got ways that we can do it
we'll make buildings more efficient
and we'll Save the planet earth
From the basements to the roofing
Whether houses or apartments
We will save the planet earth

*We're gonna save We're gonna save
We're gonna save the planet earth
We're gonna save, we're gonna save
We're gonna save the planet earth*

*We wanna save, we wanna save
We wanna save the polar bears
We wanna save, we wanna save
We wanna save the polar bears!*

Sung on October 24, 2009 on a day of national action to promote the planet's preservation in Menlo Park, California.
