

We Want the World's Oil

Description

We want the world's oil in our hands repeat 2x
And we don't care how we swipe it.

We want the world's gas in our hands
And we don't care how we pipe it.

We have the sun's power in our hands
But the oil empires refuse it

We have the wind's power in our hands
And we're too dumb to use it.

We have water, wind and solar heat
Our natural sources can't be beat
If we would clean up the coal and peat
We'd have a clean world and not lose it.
