

We Will Stop You

Description

Buddy, youâ??re the worst president of our lives,
We have never seen one as bad as you,
Youâ??re an ignorant case, you big disgrace
Spreading your lies all over the place

We will, we will stop you!
We will, we will stop you!

Buddy, youâ??re a bad man, con man
Shouting on Truth Social, you drag down the culture too,
You got blood on your hands, rapist in the stand,
Waving your privâ??lege all over the place

We will, we will stop you! (Sing it!)
We will, we will stop you!

Buddy, youâ??re an old man, sick man
Rambling when you speak, gonna make NATO turn on you,
You got orange on your face, you big disgrace,
We the people gonna put you back into your place!

We will, we will stop you! (Sing it!)
We will, we will stop you! (Everybody!)
We will, we will stop you! (One more time!)
We will, we will stop you!

(Suggestion: have the audience provide percussion with stomp, stomp, clap)
