Gaggle: Montreal Raging Grannies

Tune: When the Saints Come Marching In

Date written or updated: 1989

When Raging Grans Come Marching In

When Raging Grans / come marching in,
When Raging Grans come marching in.
We invite you to be in that number
When Raging Grans come marching in.

We've got to turn our lives around.
We've got to turn our world around.
We're singing for peace on our planet
And for clean air, water and ground.

Or common future / starts right today,
To those in power we say Hey -
You better listen to Grandma's clamour;
We're empowered and we're on our way!
