

Lyrics by: Rose DeShaw

Gaggle: Kingston

Tune: South Of The Border

Date written or updated:

Who Needs Health Care Plan?

North of the border
In New Mexico
That's where we need a break
For goodness sake
On health care rates
And we sure don't wonder
We know what we need
*Single user pay plan
Is welcome indeed!
I - yi-yi-yi (point to self)
And You, you you! (point to audience)
