Tune: I Write the Songs

Date written or updated:

Who Wrote the Songs

Who wrote the songs that made detainees sing, Of terrorism plots and other things.
To kill Americans like you and I
Who wrote the songs
Who wrote the songs

Pearl Jam and Jackson Browne

And Rage Against the Machine
They put the F.O.I.A. request together

They're the writers

And they are pissed . . . because . . .

Enhanced interrogators played their songs
At painful volume all day and night long
For information whether truth or lie
Who paid the bills
Who paid the bills
We're the taxpayers, and WE paid the bills
