

Who's Gonna Save Democracy?

Description

Who's gonna save democracy
from this billionaire lun-a-cy?
Some think the Democratic Party can be
made progressive, but that's hard to see
since the court ruled its rich leadershit
can do whatever they see fit!

Because of its private ownership
there's no law that can force it
to o-bey the Party's own rules
or keep them from playin' us for fools!
We real-ly hate to burst your bubble
but both major parties ARE! the trouble!

And Trump's likely to sus-pend our elections,
but if he doesn't, there's the GOP's selections
of voters to cross off the voting rosters
which is somethin' that clearly fosters
e-lections that will guar-an-tee
a-nother win for the GOP!

So, who's gonna save democracy
from this billionaire lun-a-cy?
Look a-round you, and you will see
the an-swer to that is YOU and ME!!!
By joining forces we become a HUGE WE!!!
AND TOGETHER IN THE STREETS WE WILL SAVE DEMOCRACY!!!

A GENERAL STRIKE AND BOYCOTT OF ALL MEGA-CORPORATIONS NOW!!!
