

Why Don't We All Share in the Fruits of AI ?

Description

Why don't we all **share** in the **fruits** of AI

so **workers** are **actually spared**

from **working long hours** until they **die**?

Doesn't anyone **care**?

Do you remember the **Jetson family**

where **robots** did **all** menial **tasks**?

What would make **that** a **real-i-ty**?

That is what **we** have to **ask**!

AI is **not** fundamentally **bad**.

The **problem** is **how** it is **used**.

As **long** as **employers** **refuse** to **share**,

workers will **still** be **abused**!

Since **human nature** is **deeply flawed**

with **longing** to **be** the big **cheese**,

here is the **way** to make **working life fair**.

Make **all** **employers**, **employees**!

Workers who **own** their own **com-pa-nies**

share all the **fruits** **equally**.

They de-cide who should **get** paid how **much**,
and **THAT** is **DEMOCRACY!**

DEMOCRACY! NOT CAPITALISM!

CO-OPERATIVES! NOT CORPORATIONS!
