Tune: I Fall To Pieces

Date written or updated:

Without Truth

(Brackets indicate where other issues could go) Things fall to pieces
Each time they tell us a lie
[USA Starwars] - No!
Don't need it
Please see our reasons why (wave handout sheets)
Our government asks us to trust their words
Believe their latest press
Forgetting all the rest
And we've tried and we've tried
And we've done our best
Without truth, our world falls to pieces
So all of us now need to stand up tall
Tell them [NO STARWARS NOW]
This is a wake-up call
And we'll sing and we'll write
And we'll not give up
For the sake of all those little pieces!
