

## Women for Peace

### Description

We are mighty women everywhere both far and wide  
We must now all come together like a giant ocean tide

No more fighting, no more strife upon this wondrous planet earth  
We want to live in peace.

Chorus

No more wars upon this planet  
No more wars upon this space  
We must learn to leve together  
One family one human race.

We don't want our children to be taught to fight and harm  
We will work incessantly to cause all nations to disarm  
War has never been the answer, it has only brought us harm,  
We want to live in peace.

Chorus

Womyn know so well that love can always make amends  
Love can change our enemies and make them into our friends  
Now's the time to come together and proclaim a better way,  
We want to live in peace.

Chorus
