

## World Heat

### Description

(chorus) We've got (clap clap) ooo-world heat!  
We've got (clap clap) ooo-world heat!  
We've got (clap clap) ooo-world heat!  
But we're hooked on oil, and don't know how to quit.

I'm more than just disgusted  
The climate is disrupted  
The polar ice is melting fast  
The storms are so terrific  
Goodbye South Pacific  
And old Bangladesh.....will never last!

(chorus)

We watch the weather worsen. (gesture left)  
The farmers are a-cursin'  
The drought is doing in their crops.  
But there it's raining badly (gesture right)  
With floods rising madly  
Till the water hides.....streets and car tops!

(chorus)

But look at the horizon  
Windmills are a-risin'  
The blades are goin' round and round.  
And over in the ocean  
The tides' steady motion  
And that old sun.....keeps shinin' down.

(chorus)

We've got (clap clap) ooo-world heat!  
We've got (clap clap) ooo-world heat!  
We've got (clap clap) ooo-world heat!  
We gotta find a way to change the way we live.  
We're gonna find a way to change the way we live.  
Yeah, we'll find a way to  
Change  
The  
Way  
We  
Li-i-i-i-ive.

YEAH!!!!
