

You Can't Stomp on Me (Inauguration Protest)

Description

CHORUS:

*You can't stomp, you can't stomp, you can't stomp on me
We still have rights and we will fight
until everyone is free OH
You can't stomp, you can't stomp, you can't stomp on me
We still have rights and we will fight for human dignity*

We have the right to speak and demonstrate it's true
And we will not be stopped by MAGA thugs like you!
We won't apologize, or take back what we say
We'll speak our minds, we won't be kind!
we're rising up today!

[chorus]

So-called United States, has room enough for all
Of every shade and hue, all people short and tall
We'll keep on speaking out, for civil rights & peace
And we will not be stomped upon!
All fascists we'll defeat
