

You Don't Have to Walk a Lonesome Pathway

Description

Tune: You Got to Walk that Lonesome Valley

Â

Oh community care Â ... is what we need now

We've got to care, for everyone

Let's keep an eye out, for one another

No one has to walk all by themselves

Â

If you're feeling blue...please talk to someone

Cuz people can help, you're not alone

you just might make, a brand new friendship

you won't have to walk all by yourself

Â

An o-old time song, that we heard often

Said you have to walk all by yourself

But the Grannies are here, to say we'll change that

No one has to walk all by themselves

Â

No you don't have to walk a lonesome pathway

You don't have to walk all by yourself

We can all reach out, to one another

We don't have to walk, all by ourselves
